## Category:

Smaragd is the name for the best, most treasured wines from the Vinea Wachau-members. The alcohol content of these wines begin at 12.5% by volume. This, along with the highest grape ripeness and natural concentration are what make this world-class designation possible. Emerald-coloured Ixer lizards – also known as Smaragd – are at home in the terraced vineyards of the Wachau. On bright, sunny days, their beauty is highlighted dramatically as they bask in the gleaming sun next to the grapevines – the perfect symbol for the absolute top Wachau wines with full physiological ripeness.
